

# MASTERS PROGRAM PROSPECTUS

## UK TRADING ACADEMY

Transforming aspirations into achievements, our academy empowers individuals with the knowledge and skills to navigate the complexities of the financial markets successfully.

# WELCOME

UK Trading Academy first started in December 2010 and provides both non accredited and accredited educational courses to its students. The company has grown significantly and has the enviable position of the largest academy in the UK and Europe with the number of students taught and benefiting from our courses being over 150,000 students.

We have the enviable position of being the only academy able to provide a Masters Degree with entry conditions that no other educational establishment is able to give. This is the future of education and we are at the forefront of providing post graduate higher level education to all.

We are delighted that you have decided to join an innovative, creative and forward thinking academy and forwarding your education with us.

We take our responsibility to our students seriously and strive to provide the best academic experience a rich study environment and specialist support that you need to take your education to the next level. Our Executive MBA is underpinned by academic excellence and innovative teaching techniques which are leading the field giving results and student success to an increasing level.

We offer flexible study options that allow students who would not normally be able to achieve a masters level qualification the ability to do this. This is ideal if you need to fit your study around other commitments. The substantial finance backing we have been able to achieve allows all students to be able to gain significant reductions in their course fees and these are available to all students no matter what your financial situation or background.

With substantial investment UK Trading Academy has a new teaching campus which has been designed to meet the requirements of the Executive MBA.

**This is an exciting time for you to be studying with us and we hope to be welcoming you soon on your path to success.**

**PAUL CHALMERS** Academy Chancellor

# OUR ACADEMY

The UK Trading Academy office are located in South Wales and provide students with a well-equipped bespoke setup that provides students with everything they need to succeed.

A friendly environment has been made to ensure the best possible ability to learn

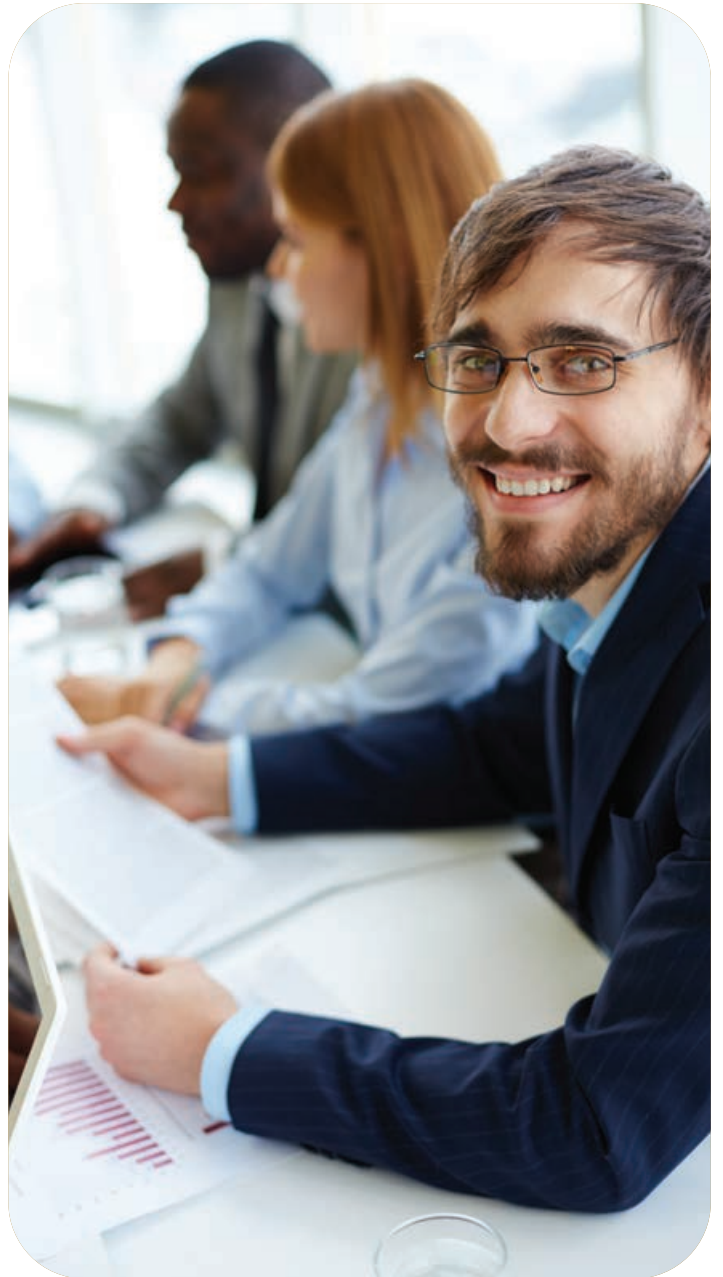

Our lecturers are experts in their field and are institutionally trained specialists who have all traded major funds.

# WHY UKTA

Studying for a masters qualification is an investment in your future. Specialist knowledge gained from higher studies differentiates you from other graduates and is valued by employers. So, whether you want to develop your career, change direction or become an expert in your subject area and start your own business, we can help you take that next step.

- **Scholarships** Major benefactors to the academy who see the enormity of what we are achieving are providing subsidies for EVERY student who takes this Executive MBA
- **Learning facilities** State of the art learning facility with specialist resources and professional training areas, trading floor and sound booth rooms for online teaching are part of what the academy holds.
- **Flexible Study** So many people lose the chance of higher education because of life's circumstances, we have created the ability for people no matter what their situation to achieve their goal through flexible online study.
- **Educational Support** We have created an 8 hour a day student support system where students can get answers to their questions the same day, often getting those answers live in our members portal.
- **Unique Education** UKTA are the only private educational academy that are accredited to provide this unique Masters course such is the quality of the educational content we deliver.
